TOC: AEP Launchpad and Foundations batch

AEP Launchpad (3 hours)

- Welcome: AEP in one picture
- XDM schemas and datasets
- Ingestion basics: load, map, read errors
- Identity and Real-Time Profile
- Segmentation and activation basics
- Free interview and certification test series

Foundations batch (2 weeks)

- Live, Monday to Friday, 8:00–9:30 AM IST
- Starts 15 October 2026
- AEP end-to-end fundamentals
- Hands-on labs each session
- Beginner friendly

Friday workshops

- One AEP skill per session
- Schema, ingestion, identity, Profile, audiences
- Recorded for learners
- Dates and fees on the website

Interview focus: AEP data flow, XDM class choice, identity namespaces, merge policies, batch vs streaming.

FLAGSHIP PROGRAMME

TOC: Career Accelerator (90 days, live)

Phase 1–2

- AEP core: XDM, datasets, ingestion, Profile, Identity, Query Service
- Web SDK, CJA and AJO: datastreams, connections, data views, real-time journeys

Phase 3–4

- RTCDP and activation: audiences, destinations, personalisation, validation
- Architect patterns: APIs, integration, security, environments, QA, monitoring

Phase 5–6

- Agentic AI and MCP: governed tools and agents
- Capstone and interview preparation

Projects

- Customer 360 data model
- Real-time transaction journey
- RTCDP activation
- CJA executive reporting
- Web SDK modernisation
- Agentic AI marketing assistant

Fee ₹60,000. Career mapping, resume and LinkedIn guidance included. Roles are target pathways; no placement is guaranteed.

RECORDED, SELF-PACED

TOC: AEP, AJO & CJA: Foundation + Advanced Architecture

Foundation MarTech series

- Adobe Experience Platform (AEP)
- Adobe Journey Optimizer (AJO)
- Customer Journey Analytics (CJA)

Advanced digital architecture

- Digital and MarTech architecture
- Enterprise implementation patterns
- Customer Data Platform architecture
- AI and data-driven customer experience

Included

- Recorded video lessons
- Test series
- ERD resources
- E-library and extra learning material

Fee ₹60,000, one time. Also listed on MarTechJobs.io.

TOC: Real-Time CDP and Journey Optimizer

RTCDP: Profiles

- Real-Time Customer Profile, merge policies
- Identity namespaces and graphs
- Customer 360 design

RTCDP: Activation

- Batch, streaming and edge evaluation
- Destinations, mapping, consent
- Activation QA and reconciliation

AJO: Build

- How AJO uses AEP profiles and events
- Event vs audience journeys
- Conditions, waits, personalisation, decisioning

AJO: Govern

- Suppression, frequency, consent
- Testing and approvals
- Journey reporting and troubleshooting

Interview focus: suppression audiences, event vs audience journeys, why a journey does not trigger.

TOC: Customer Journey Analytics and Web SDK

CJA: Setup

- Connections and datasets
- Person ID strategy
- Lookups and profile data

CJA: Analyse

- Data views, sessions, attribution
- Workspace, flow and fallout
- Adobe Analytics to CJA migration

Web SDK: Implement

- Edge Network, XDM data layers, datastreams
- Adobe Tags extension, ECID
- Page view and interaction events

Web SDK: Validate

- Consent and event forwarding
- Debugging and dataset previews
- Migration from AppMeasurement

Interview focus: CJA vs Adobe Analytics, data views, missing dataset debugging, Web SDK validation.

TOC: Adobe Analytics, Agentic AI & MCP, certification prep

Adobe Analytics

- Measurement plans and KPIs
- Variables, events, Adobe Tags, Web SDK
- Validation and QA
- Workspace reporting

Agentic AI & MCP

- Agents, planning and tool use
- MCP servers, clients, least privilege
- Human approval, logging, consent
- Marketing assistant capstone

AEP certification prep

- Read the current exam guide
- Core topics review
- Scenario and timed practice
- Independent of Adobe; no pass guaranteed

Pricing for single-tool courses is shared on request.

CAREER SUPPORT

Interview preparation

1 Scenario test series

Interview-style AEP scenarios on segments, identity, merge policies and consent. Free with the bootcamp.

2 Whiteboard practice

Architect-style questions: Customer 360, sources to activation, batch vs streaming.

3 Portfolio projects

Six enterprise-style projects documented so you can walk through them in an interview.

4 Resume and LinkedIn

Positioning guidance for AEP, AJO, CJA and AI roles.

5 Career mapping call

Role-by-role map: developer, data engineer, analyst, QA, architect.

6 Free quiz

20 banking scenarios at infiante360techacademy.com/academy/aep-bfsi-quiz.html

Preparation improves readiness. It does not guarantee interviews, offers or placement.
