ABOUT US

What is Infinate360?

Infinate360 provides enterprise MarTech consulting and digital transformation services, helping organisations optimise customer data, analytics, personalisation and Adobe Experience Cloud technologies. Infinite360 Tech Academy is our learning arm: live and recorded programmes with hands-on labs and enterprise-style projects.

Founded by Pavan Babu Gandla

Fractional chief data architect and Adobe Experience Cloud specialist based in Bengaluru, India.

15+
years of experience

37+
projects delivered

As stated by our founder; not independently verified. No client is named or implied to endorse us.

1

Consulting

AEP · RTCDP · AJO · CJA · Web SDK · data and AI architecture

2

Training

Career Accelerator · bootcamps · single-tool courses · corporate

3

Talent (C2C)

Vetted MarTech contractors for client projects

4

Centre of Excellence

Operating model, governance and enablement set-up

Industries our founder has worked with: BFSI · Retail & E-commerce · Healthcare · Travel & Hospitality · Manufacturing · Education · Media & Entertainment

COURSES WE OFFER

Programmes, fees and timings

Programme	Format	Timing (IST)	Fee
AEP Launchpad bootcamp	Live, 3 hours + test series	Evening 6–9 PM; next date on site	**₹3,000**
Live AEP Foundations batch	Live, 2 weeks, Mon–Fri	8:00–9:30 AM, from 15 Oct 2026	**See site**
Friday hands-on workshops	Live, one AEP skill each	Fridays from 16 Oct 2026	**See site**
Adobe MarTech + Agentic AI Career Accelerator	Live online, 90 days	Batch timings shared at registration	**₹60,000**
AEP, AJO & CJA: Foundation + Advanced	Recorded, self-paced	Learn any time	**₹60,000**
Single-tool courses (RTCDP, AJO, CJA, Analytics, Web SDK, Agentic AI)	Focused paths	On request	**On request**
CXO Hive: Executive & Architecture	Live + 1 month support	By cohort	**₹1,00,000**
Live Customised MarTech Program	Live, individuals or teams	Agreed with you	**₹1,00,000**

Fees as published on the website; 'See site' items are confirmed at registration. Corporate pricing is quoted per engagement.

TOC: AEP Launchpad and Foundations batch

AEP Launchpad (3 hours)

- Welcome: AEP in one picture
- XDM schemas and datasets
- Ingestion basics: load, map, read errors
- Identity and Real-Time Profile
- Segmentation and activation basics
- Free interview and certification test series

Foundations batch (2 weeks)

- Live, Monday to Friday, 8:00–9:30 AM IST
- Starts 15 October 2026
- AEP end-to-end fundamentals
- Hands-on labs each session
- Beginner friendly

Friday workshops

- One AEP skill per session
- Schema, ingestion, identity, Profile, audiences
- Recorded for learners
- Dates and fees on the website

Interview focus: AEP data flow, XDM class choice, identity namespaces, merge policies, batch vs streaming.

TOC: Career Accelerator (90 days, live)

Phase 1–2

- AEP core: XDM, datasets, ingestion, Profile, Identity, Query Service
- Web SDK, CJA and AJO: datastreams, connections, data views, real-time journeys

Phase 3–4

- RTCDP and activation: audiences, destinations, personalisation, validation
- Architect patterns: APIs, integration, security, environments, QA, monitoring

Phase 5–6

- Agentic AI and MCP: governed tools and agents
- Capstone and interview preparation

Projects

- Customer 360 data model
- Real-time transaction journey
- RTCDP activation
- CJA executive reporting
- Web SDK modernisation
- Agentic AI marketing assistant

Fee ₹60,000. Career mapping, resume and LinkedIn guidance included. Roles are target pathways; no placement is guaranteed.

RECORDED, SELF-PACED

TOC: AEP, AJO & CJA: Foundation + Advanced Architecture

Foundation MarTech series

- Adobe Experience Platform (AEP)
- Adobe Journey Optimizer (AJO)
- Customer Journey Analytics (CJA)

Advanced digital architecture

- Digital and MarTech architecture
- Enterprise implementation patterns
- Customer Data Platform architecture
- AI and data-driven customer experience

Included

- Recorded video lessons
- Test series
- ERD resources
- E-library and extra learning material

Fee ₹60,000, one time. Also listed on MarTechJobs.io.

TOC: Real-Time CDP and Journey Optimizer

RTCDP: Profiles

- Real-Time Customer Profile, merge policies
- Identity namespaces and graphs
- Customer 360 design

RTCDP: Activation

- Batch, streaming and edge evaluation
- Destinations, mapping, consent
- Activation QA and reconciliation

AJO: Build

- How AJO uses AEP profiles and events
- Event vs audience journeys
- Conditions, waits, personalisation, decisioning

AJO: Govern

- Suppression, frequency, consent
- Testing and approvals
- Journey reporting and troubleshooting

Interview focus: suppression audiences, event vs audience journeys, why a journey does not trigger.

TOC: Customer Journey Analytics and Web SDK

CJA: Setup

- Connections and datasets
- Person ID strategy
- Lookups and profile data

CJA: Analyse

- Data views, sessions, attribution
- Workspace, flow and fallout
- Adobe Analytics to CJA migration

Web SDK: Implement

- Edge Network, XDM data layers, datastreams
- Adobe Tags extension, ECID
- Page view and interaction events

Web SDK: Validate

- Consent and event forwarding
- Debugging and dataset previews
- Migration from AppMeasurement

Interview focus: CJA vs Adobe Analytics, data views, missing dataset debugging, Web SDK validation.

TOC: Adobe Analytics, Agentic AI & MCP, certification prep

Adobe Analytics

- Measurement plans and KPIs
- Variables, events, Adobe Tags, Web SDK
- Validation and QA
- Workspace reporting

Agentic AI & MCP

- Agents, planning and tool use
- MCP servers, clients, least privilege
- Human approval, logging, consent
- Marketing assistant capstone

AEP certification prep

- Read the current exam guide
- Core topics review
- Scenario and timed practice
- Independent of Adobe; no pass guaranteed

Pricing for single-tool courses is shared on request.

Bootcamp deep dive: 60 hours, 6 phases

1 **Phase 1**
MarTech Foundations & AEP Architecture

2 **Phase 2**
Data, XDM Schemas & Identity

3 **Phase 3**
Segmentation, Web SDK & RTCDP

4 **Phase 4**
Data Layer, Analytics & Routing

5 **Phase 5**
AJO Journeys & CJA Dashboards

6 **Phase 6**
Agentic AI & Capstone Portfolio

Everything you work on

Agentic AI & MCP
Agents for real-time decisions and journey optimisation

Adobe Experience Platform
Schemas, identity graphs, ingestion, Query Service, segmentation, RTCDP activation

Customer Journey Analytics
Connections, data views, attribution models, funnel analysis, executive dashboards

Web SDK & Edge
sendEvent tracking, Tags, data layer, dynamic datastream routing

Adobe Journey Optimizer
Omnichannel orchestration, offer decisioning, email, SMS, push

APIs, governance & consulting
Enterprise architecture, governance, GDPR-aware consent, consulting readiness

Hours, phases and schedule are from the bootcamp plan. Batch dates and fees are confirmed at registration.

PORTFOLIO

10 enterprise-style projects you build

#	Project	Industry	Key tools
1	Banking Customer 360	Banking	AEP, XDM, identity, Profile
2	Credit Card Upsell Engine	Banking	RTCDP segments, offer decisioning
3	Loan Propensity Model	Banking	AEP Data Science Workspace
4	Churn Prediction	Wealth management	Predictive analytics, AJO
5	Retail Recommendation Engine	Retail	Behavioural segmentation, personalisation
6	AJO Welcome Journey	Banking	AJO, Web SDK, Tags, email/SMS
7	Web SDK Implementation	Multi-industry	Web SDK, data layer, Tags
8	CJA Dashboard	Marketing analytics	CJA, attribution models, dashboards
9	Agentic AI Marketing Assistant	All industries	Agentic workflows, GenAI
10	MCP Enterprise Orchestration	Enterprise	MCP, agentic AI

Built on practice and sandbox environments with synthetic data. A portfolio shows your skills; it does not guarantee a job.

Daily assignments: 60 days of proof of work

Days	Phase	What you deliver	Submission
1-6	Foundations	MarTech stack diagram, AEP architecture flow, use-case design doc	PDF / diagram
7-12	Data & XDM	XDM schema design, identity namespace config, unified profile screenshot	Screenshot + doc
13-24	Segmentation & Web SDK	RTCDP activation config, Web SDK sendEvent tracking, event payload JSON	Screenshot + JSON
25-42	Data layer & routing	Analytics variable mapping, dynamic datastream routing, multi-destination setup	Config export + report
43-54	AJO & CJA	Journey architecture, offer decisioning, CJA attribution report, executive dashboard	AJO / CJA export
55-60	Capstone	End-to-end architecture, governance policy, portfolio submission, interview assessment	Portfolio

By day 60 you have a documented set of deliverables you can show employers or clients.

Weekly schedule and learning ecosystem

1 Mon-Fri

8:30-11:30 AM IST, 3-hour live session: new module plus hands-on AEP sandbox tasks

2 Saturday

About 1 hr 15 min, flexible morning: live Q&A, assignment review, career guidance, interview prep

3 Sunday

Self-paced: finish assignments, replay recordings, prepare for the next week

What you get access to

Live courses

Interactive AEP, AJO, CJA and RTCDP architecture workshops

Video courses

Short focused videos on schemas, identities, Query Service, segmentation, journeys, activation, reporting

E-library

Architecture documents, implementation guides, use cases, interview material, debugging guides

Test series

Scenario-based questions, certification-readiness tests, architecture reviews, troubleshooting exercises

Simulators

Banking, AEP, insurance, telecom, airline and hospitality practice environments

Sandbox access

Hands-on practice environment for assignments

Schedule is from the bootcamp plan; batch dates are confirmed at registration. Replay access and sandbox terms apply as stated at enrolment.

CAREER SUPPORT

Interview preparation

1 Scenario test series

Interview-style AEP scenarios on segments, identity, merge policies and consent. Free with the bootcamp.

2 Whiteboard practice

Architect-style questions: Customer 360, sources to activation, batch vs streaming.

3 Portfolio projects

Six enterprise-style projects documented so you can walk through them in an interview.

4 Resume and LinkedIn

Positioning guidance for AEP, AJO, CJA and AI roles.

5 Career mapping call

Role-by-role map: developer, data engineer, analyst, QA, architect.

6 Free quiz

20 banking scenarios at infiante360techacademy.com/academy/aep-bfsi-quiz.html

Preparation improves readiness. It does not guarantee interviews, offers or placement.
